Objet : Welcome to Xerox Office Group

Dear JACQUES LEVESQUE:

Thank you for taking the time to become a Xerox North America Registered Reseller. We look forward to the opportunity to partner with resellers who are interested in selling the industry's most comprehensive array of office products, including multifunction and monochrome and color printers.

#### RESELLER BENEFITS

As a Registered Reseller, Xerox will keep you up-to-date on current Xerox products, programs and promotions, as well as recent market trends and competitive information.

One of our primary delivery vehicles to get you this information is via the Internet. Our Reseller Website for registered resellers: <http://www.xerox.com/office/resellers> provides you with the information you need to sell Xerox office products.

Being a Xerox Registered Reseller provides a gateway into numerous reseller programs and activities. Certain programs and promotions are provided only to eligible dealers as noted in such programs. For this reason, this reseller registration is considered probationary for a period of 60 days in order for Xerox to evaluate and consider each reseller registration and company profile. All Reseller Registrations are subject to final review and approval by Xerox Corporation, Inc.
